

StayClean™ Strips

Condensate tray bacterial control treatment

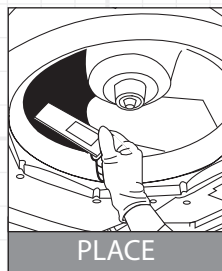

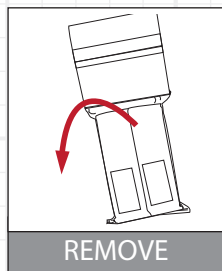

StayClean™ Strips are an effective antibacterial treatment, providing up to six months protection from bacteria, fungi, algae and other micro-organisms that can cause smells and blockages in air conditioning condensate trays. The strips have a unique built-in inhibitor to protect equipment from rust and corrosion.

Specification

Name	StayClean Strips
Product Code	SCSM6PK, SCLG6PK
Packing Quantity	6
Packing Size (L x H x D) cm	24x11x3, 26x11x3
Shipping Weight Kg	0.1, 0.25
Shipping Volume M ³	0.0001
Application	Condensate Trays: Control of Bacteria, Mould and Slime
Soils	Control Bacteria, Mould & Fungus
Dilution (Water:Product)	N/A
Contact Period	Constant
Rinse/Flush Required	N/A
Special Features	Unique built-in inhibitor

Directions for use

Simply place the strip in the tray at the highest end and adjacent to the coil so that the resulting treatment will cover the entire tray. If there is not sufficient space in the tray for the strip, it may be placed in the return bends at the end of the coil at the opposite end to the drain connection.

To ensure maximum effectiveness, StayClean™ Strips are available in various sizes depending on system capacity:

- #1 treats a 3-5Kw system
- #2 treats a 6-9Kw system

StayClean Strips

S1/2: Keep locked up and out of the reach of children. S26: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. S36/37/39: Wear suitable protective clothing, gloves and eye / face protection. S45: In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).

Consult Safety Data Sheet for full safety information. Always wear suitable PPE.
